LAN-2021 USB-A Port Blocker

Introduce:

With this USB port blocker, system administrators can physically prevent users from connecting pen drives, MP3 players and other USB mass storage devices to their computers to copy data, introduce viruses..etc.

The USB Port Blocker consists of a 'key' and 'lock' assembly which plugs into the USB port. To use, simply plug the 'keylock' into the port and release the latch - the lock remains in place! Plug the key back into the lock to remove. Easy!

• Physically blocks access to a USB port

• Quick and easy to use

• Consists of 4 locks and 1 key

• 5 different colors code versions available: **Pink, Green, Blue, Orange, White**

• Each key only works with a lock of the same color
