

## PRO ONE 8K PLUS

**8K Dolby Vision & HDR10+ network media player  
with Android™, 2.5" SATA HDD rack, 8+64 GB memory**

### Key features:

- **Next-gen Amlogic S928X media processor with 8K support**
- **New line of Dune HD 8K models — replacement for models on Realtek RTD1619DR**
- **All usual Hi-End features, similarly to Realtek RTD1619DR models:**
  - **Dolby Vision & HDR10+** (including Blu-ray Dolby Vision Profile 7 FEL/MEL)
  - **Hi-End video quality** (due to Amlogic TruLife engine + Dune HD optimizations)
  - **Auto framerate & resolution matching** (for both file playback and Android apps)
  - **Support for all framerates** (including 23.976 and 24.0)
  - **Bitstream passthrough of all HD audio formats** (up to TrueHD Atmos & DTS:X)
  - **Decoding of all HD audio formats** (output as multichannel PCM up to 7.1 channels)
  - **Full Blu-ray menu support** (ISO & BDMV)
  - **Native audio sample rate output** (44.1-192KHz)
  - **Advanced music file formats** (multichannel DSD, FLAC, WavPack, CUE, and so on)
  - **All other usual features** (1Gbit, USB 3.0, SMB and NFS clients, built-in SMB file server)
  - **Optimized OS** (without limitations caused by Google Android TV certification)
- **Improvements over Realtek RTD1619DR models:**
  - **Full 8K support** (8K decoding • 8K output • upscaling any content to 8K)
  - **More powerful CPU & GPU** (more smooth user interface • superb performance)
  - **AV1 codec** (newest video codec • future proof • useful for YouTube)
  - **Wi-Fi 6 & Bluetooth 5.2** (newest technology • best performance)
  - **Android 11** (better support for Android apps)
- **Other unique features in Pro One 8K Plus:**
  - **8 GB operating memory** (top performance of the most heavy Android apps)
  - **64 GB flash memory** (huge space for Android apps and other needs)
  - **2.5" SATA HDD rack** (easily install 2.5" HDD or SSD up to 5TB or more)
  - **USB slave HDD port** (easily connect to PC via USB to transfer files)

## Specifications

- **Media processor:** Amlogic S928X with 8K support
- **Operating memory:** 8 GB
- **Flash memory:** 64 GB
- **Built-in HDD rack:** 2.5" SATA HDD or SSD, up to 5TB and more, hot swap
- **Wi-Fi:** 802.11b/g/n/ac/ax (Wi-Fi 6) 2.4 + 5 GHz, 2T2R
- **Bluetooth:** Bluetooth 5.2
- **USB ports:** 2x USB 3.0 + 1x USB 2.0
- **USB slave HDD port:** USB 3.0 Type-B, can be used without additional power
- **Ethernet:** Gigabit Ethernet (1 Gbit/s)
- **HDMI output:** HDMI 2.1a, up to 8Kp60 and 4Kp120, Dolby Vision / HDR10+ / HDR10
- **8K support:** 8Kp60 video decoding, 8Kp60 video output
- **Dolby Vision & HDR support:** HDR10, HDR10+, Dolby Vision
- **HD audio support:** Yes
- **Analog audio output:** 3.5mm minijack (stereo)
- **S/PDIF output:** Optical S/PDIF
- **Front panel display:** multi-segment LED display HH:MM
- **Power:** 12V
- **Remote:** Bluetooth remote with Microphone, IR Learning, AirMouse
- **OS:** Linux-based Dune HD OS + Android 11.0
- **Filesystems:** FAT16/FAT32, exFAT, NTFS, HFS/HFS+ (Mac OS X), EXT2/EXT3/EXT4, BTRFS

## Package Content:

Media player, power adapter, HDMI cable, Bluetooth remote, 2x AAA batteries, quick start guide
